

Maria Gonzalez

Food Safety and Quality Technician

maria.gonzalez@email.com · +1 (602) 555-0193 · Phoenix, AZ

PROFESSIONAL SUMMARY

Quality technician with eight years in packaged food manufacturing, focused on in-process inspection, defect classification, and corrective action follow through on bakery and snack lines.

PROFESSIONAL EXPERIENCE

Desert Valley Food Group, Phoenix, AZ

Quality Assurance Technician, Apr 2021 - Present

- Perform hourly in-process checks on two packaging lines, verifying seal integrity, net weight, and date code accuracy.
- Classify and log defects against a fourteen point checklist, feeding a weekly Pareto review with production leadership.
- Led the corrective action that cut underweight rejects by 38 percent over two quarters.

Sonoran Snack Partners, Tempe, AZ

Line Inspector, Jan 2016 - Mar 2021

- Inspected finished product on a sorting station running 800 units per hour, separating burnt, malformed, and underfilled units.
- Maintained inspection records supporting third party audits with no critical findings.

EDUCATION

Arizona State University, Tempe, AZ

Bachelor of Science, Food Science, 2015

TECHNICAL SKILLS

In-process quality inspection, defect classification, statistical process control basics, root cause analysis, audit documentation, sanitation verification, metal detector and checkweigher verification.
